Let me know if I can help. Too bad we don't have an ORISE on this team? That'd be helpful to have a helper.

I can try to pull that together at some point and share with the internal group.

That would be good (for Chris), and now that you mention it, we probably could use it for the administrative record.

Would it make sense to send in advance a table of who met with who and when?

For your awareness as we prepare for briefing(s). Note that Chris Hladick was interested in more information on the extent of our meetings with the State. The briefing doc originally mentioned that we engaged with the agencies, but didn't go into much detail.

When and if we brief Chris Hladick, I think we should also mention that there were several other informal phone calls in February to gather an understanding of how the State was managing the nitrate contamination. Perhaps this was part of the briefing in March, but I wasn't present.

Chris,

Please find an updated briefing document, along with the other two attachments previously sent. I think I've addressed your concern, but if you'd like to emphasize or portray differently, I am happy to edit.

Thank you,
Mat

Yes, several times. Although we have had two rounds of teleconference: one in March and then with each agency in mid-April. Would you like that detail included, generally, or in a detailed manner (i.e. dates, etc)?

Good Morning Mr. Hladick:

On behalf of the involved Divisions, I'm transmitting the materials needed to fulfill the request by Anna Wildeman for an advisory briefing to the AA and Principle Deputy AA (Anna W.). Both Dan Opalski and Lauris Davies have reviewed and concur with the attachments. Additionally, our ORC water and enforcement attorneys have reviewed.

With your approval, I can send the request for meeting to the individual on the form, or I can work with the executive administrative specialist in your office. Please let me know your preference for scheduling with OW Leadership.

Thank you, and standing by,
Mat

Good Afternoon Lauris:

Dan has provided feedback, and I've updated the documents that I sent earlier. At this point, I have incorporated input from Dan, Jeff Kenknight, Cara Steiner-Riley, and Clarke Thurmon. I will standby for your feedback or okay, and then send on to Mr. Hladick.

Thank you for the support of our efforts. I appreciate Jeff, Peter, Mickey and your enforcement team.

Thank you,
Mat
